Conference

“Interplay between pseudo-differential operators and PDEs”
January 18-20, 2007

110 YEARS ANNIVERSARY: Francesco Giacomo Tricomi
(5 May 1897 - 21 Nov 1978, Torino)

Organisers:

Luigi Rodino, Torino

Michael Ruzhansky, London

Imperial College
London

Local organising committee:

Elena Cordero

Sandro Coriasco

Gianluca Garello

Featured topics include:

1. Hyperbolic and dispersive PDEs
2. Linear and nonlinear PDEs
3. Pseudo-differential operators
4. Time frequency analysis
5. Related topics

Participants:

- P. Boggiatto (University of Torino)
- E. Buzano (University of Torino)
- D. Calvo (University of Torino)
- E. Cordero (University of Torino)
- S. Coriasco (University of Torino)
- G. Garello (University of Torino)
- T. Gramchev (University of Cagliari)
- T. Matsuyama (Tokai University)
- K. Mochizuki (Chuo University)
- F. Nicola (Torino Polytechnic University)
- S. Pilipovic (Novi Sad)
- L. Rodino (University of Torino)
- M. Ruzhansky (Imperial College London)
- M. Sugimoto (University of Osaka)
- N. Teofanov (Novi Sad)
- N. Tomita (University of Osaka)
- M. Yamaguchi (Tokai University)
- J. Wirth (University College London)
